ABILENE is beautifully situated on a small stream of clear running water, one mile north of the Smoky Hill River, near the geograpica centre of Dickinson county, and on the great thoroughfare from the Missouri River to the Gold Regions, New Mexico, and California. It is the only town between Junction City and Salina, and is located midway—being twenty-five miles from each. The country around Abilence is the most fertile and beautiful that can be found in the State-its character being an intermixture of timber and prairie, pecu harly adapted to agricultural purposes. The fertility of the soil, the excellence of the water, the healthfulness of the location, and the abusdance of timber and building stone, are induce ments of no ordinary character; while in addition, the rich mineral resources of this portion of the State, the Salt Springs, and extensive Coal Fields west of us on the Smoky Hill, insuring the early completion of a Rail Road from the Mi-souri Rives, makes it one of

the best natural business points in the State.

The town was laid out six months ago, since which time over one hundred lots have sold, and it now contains a store, blacksmith 150.00 shop hotel, Post Office, and several families.
